

Super Star Award Nomination Form

Altair Global Supplier Partner Awards Program

The Super Star Award for Environmental Consciousness recognizes the Supplier who demonstrates an organizational commitment to sound environmental and sustainability practices and further influences the practices of others through awareness campaigns, supply chain engagement, B2B collaboration and employee education. The recipient of this award will have implemented or maintained a Program/Product/Practice/Achievement displaying significant results and environmental outcomes.

Additional Award Criteria/Consideration

A panel of judges will evaluate nominations based on the following:

- Quality of results and environmental outcomes achieved
- Degree of innovation and uniqueness of the initiative
- Demonstration of good environmental and sustainability practice

Contact Information
