

Super Star Award Nomination Form

Altair Global Supplier Partner Awards Program

The Super Star Award for Product / Service Innovation recognizes the Supplier who invests in innovative business solutions specifically tailored to the needs of mobility users, including transferees, assignees, corporate mobility professionals, relocation management companies and/or mobility supply chain partners. The recipient of this award will have implemented or maintained a technology-driven product or service which has positively influenced customer experience, efficiency, transparency, cost effectiveness, and/or data management designed to address a specific need within global mobility.

Additional Award Criteria/Consideration

A panel of judges will evaluate nominations based on the following:

- Significance of impact within the global mobility industry
- Extent to which the initiative displays new and groundbreaking innovation; demonstrating “outside the box” thinking
- Degree of sophistication and execution of the initiative
